OF THE

## ALBERTA LIQUOR CONTROL BOARD

### INTRODUCTION

The Ninth Annual Report of the Board, which is submitted herein, covers the period from the 1st April, 1932, to the 31st March, 1933.

Financial Statements are shown in detail, and following them the usual appendices regarding permits and licenses issued, liquor purchased, and staff employed.

### BEERS

The high standard of quality of all beers sold throughout the Province has been maintained and the frequent tests and analyses made by the Provincial Analyst, not only of beers brewed in this Province, but also of those imported by the Board and sold here, have been satisfactory.

### LICENSES

There has been no addition to the number of licenses granted to brewers in this Province during the year. A list of the licenses issued will be found in Appendix "C."

The following licenses were also issued during the calendar year ending on the 31st December, 1932:

Beer Licenses (Hotel Properties), 376; Club Licenses, 49; Canteen Licenses, 13.

Three beer licenses suffered suspension for the reasons shown in Appendix "C." There were no penalties inflicted with respect to Club or Canteen Licenses during the license year.

### HOTELS

The Board again takes this opportunity of expressing its appreciation of the co-operation and assistance tendered by the officers of the Alberta Hotel Association. They have continued to direct their efforts toward maintaining a high standard of service to the public, even though many of the hotelmen are operating at a heavy loss.

### GENERAL REMARKS

Certain liquors which have been ordered confiscated by the Courts have, after examination which leaves no possible doubt as to their genuineness, been taken into stock, and the balance destroyed under the authority of the Attorney General.

The sale of permits during the calendar year ended 31st December, 1932, realized \$103,582.75.

This sum is not included in the financial statements of the Board but is paid over direct to the Provincial Treasurer in accordance with the provisions of Section 141 of the Liquor Control Act.

During the year 74 permits were cancelled on the recommendation of Magistrates and Police Officers, and 147 permits held by persons interdicted were automatically cancelled when the Orders of Interdiction were received.

There was a net addition of 46 names placed on the Interdict List, 410 Orders being recorded and 364 Revocations made during the year.

The work of placing incoming goods in bond and the clearances from bond of goods shipped to the Government Liquor Stores for sale, necessitated the preparation and passing of 3,023 Customs and Excise entries, and adjustments in tariff rates of duty and sales tax resulted in claims being filed for refunds amounting to \$10,083.55, which amount was recovered by the Board.

A total of 16,226 packages were shipped from Government Liquor Stores by express during the year, at a cost to the Board for transportation of \$6,742.33. In addition 952 packages were forwarded from the warehouses of the Board by mail to permittees residing at points where Express Companies do not maintain agents. The postage on these packages amounted to \$774.10, and was defrayed by the Board.

The Federal Government received from the Board and from the Brewers of Alberta during the fiscal year approximately \$1,233,000.00 by way of duty, sales tax, manufacturers' tax, and taxes on the various products used in the manufacture of beer.

Cash and Trade Discounts on purchases received during the year amounted to \$11,541.91.

The Brewers of Alberta sold approximately 2,587,000 Imperial gallons of malt liquors through Distributors Limited, and the Board, and in addition exported to other Provinces some 14,500 gallons.

On the basis of sales in Imperial Gallons the following comparative table is submitted:

	Sales in Gallons	Percentage
Beer, Ale and Stout .....	2,604,000	93.27
Wines .....	101,500	3.64
Spirits.....	85,000	3.04
Alcohol (including sales to Hospitals, Druggists, Manufacturers, etc.) .....	1,600	.05
		<u>100%</u>

Five Local Option Plebiscites were held during the year at a cost of \$238.41, which was defrayed by the Board in accordance with Statutory provision.

The Board is pleased to be able to once more place on record its appreciation of the high morale and integrity of its employees.

At no time since the inception of the present system has the support and confidence of the general public been more valuable to the Board, and it appreciates the opportunity of being once more in a position to express its thanks through the medium of this report.

All of which is respectfully submitted,

R. J. DINNING,

*Chairman.*

Chairman.

Edmonton, Alberta, July 5, 1933.

I have audited the books and records of the Alberta Liquor Control Board for the year ended March 31, 1933, and the above Balance Sheet and accompanying Profit and Loss Account are in accordance therewith.

Stocks of liquor and beer in warehouses and stores at March 31, 1933, were valued at cost price subject to a fixed rate of foreign exchange. Inventory reserve was reduced during the year by \$20,000.00, leaving an amount of \$6,678.43 to provide for the difference between actual cost of stocks on hand and valuation at the fixed rate. Inventories included goods on consignment amounting to \$42,570.92, the corresponding liability being included with accounts payable on the Balance Sheet.

I have received all the information and explanations which I require and certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Alberta Liquor Control Board as at March 31, 1933, and the accompanying Profit and Loss Account correctly sets forth the result of operations for the year ended at that date.
